

Gallatin County Regional Airport

Kentucky's 58th Public-use Airport

First airport to serve I-71 corridor between Louisville and Cincinnati

Fast Facts

Airport Ribbon Cutting:

- ▶ June 28, 2023

Future Terminal Building and Fuel System:

- ▶ 2024

Project Site:

- ▶ 650 acres

Airport Planner and Engineer:

- ▶ Goodwyn Mills Cawood

Managed by:

- ▶ Gallatin County Airport Board

Project Timeline

1995 The Kentucky Division of Aeronautics (now known as the Kentucky Department of Aviation) began their effort to establish a new general aviation airport in Northern Kentucky

1995 - 2007 Six Kentucky counties undertook airport development studies that investigated over 20 potential development sites

2008 Gallatin County selected the "Park Ridge Road" site location; Five landowners, encompassing approximately 650 acres, agreed to sell their property for the new Gallatin County Regional Airport.

2015 Options to purchase the land were signed

2017 First acquisition

2020 - 2021 Mass grading of the airport site

2022 - 2023 Construction of the 5,000' X 75' concrete runway and parallel taxiway, access road and airport lighting

Future projects include a terminal building, fuel system, corporate hangar, T-hangar, auto parking, automated weather observation system, security fencing, and utilities.
